Grand Rounds | Early Stage Oral Cavity Carcinoma

Join us for a discussion on updates and advancements in techniques in the management of oral cavity cancer including:

- Management of the pre-malignant disease
- Evaluation of nodal spread
- When Reconstruction necessary

FRIDAY, OCTOBER 8

8 am — 9 am   Breakfast & Presentation
Saint Alphonsus Regional Medical Center
McCleary North Auditorium  |  Boise, ID
Q&A session to follow

Jason Hunt, MD
Clinical Director of Head and Neck Surgical Oncology
Huntsman Cancer Institute
Salt Lake City, Utah

Dr. Jason Hunt completed his sub-specialty training Head and Neck Oncology at Vanderbilt University after otolaryngology training at Louisiana State University -New Orleans. He has been at the University of Utah since 2006 and primarily sees patients at the Huntsman Cancer Institute where he serves as the Clinical Director of Head and Neck Surgical Oncology.

His specialty includes the surgical management of tumors in the head and neck as well as reconstruction.

Dr. Hunt takes care of patients with a wide range of tumors of the head and neck including advanced skin cancer, tongue, throat, larynx (voice box), and sinus tumors. He has a specific interest in thyroid and parathyroid disorders.
