CME of Summer

END OF THE ACADEMIC YEAR FOR GRAND ROUNDS

ACMEC is excited to wrap up Grand Rounds for the semester with a slate of great talks during the month of June.

On June 5th, Dr. Carolyn Bridges, former associate director of adult immunizations at the Centers for Disease Control and Prevention, will present an **Adult Immunization Update**.

Dr. Melissa Roop, third year resident at the Family Medicine Residency of Idaho, will wrap up the FMRI Resident Talks with **OCP Wizardry: The Art of Oral Contraception** on June 12th.

On June 19th, Dr. Henry Thompson,

pediatric gastroenterologist at St. Luke's Children's Gastroenterology, and Kelsey Newton will present **Functional Abdominal Pain** for this month's St. Luke's Children's Hospital Grand Rounds.

To close out the month, Drs. Ronald Jutzy, neurosurgeon, and J. Audie Black, clinical neuropsychologist, both with St. Luke's, will present **Normal Pressure Hydrocephalus** on June 26th.

As a reminder, Grand Rounds will be on summer break for the months of July and August. Grand Rounds will resume after Labor Day on September 4th. We hope you all have a great summer!

ACMEC Announcements

Now Scheduling: 2019 Grand Rounds

LOOKING FOR MEMBER SUGGESTIONS FOR SPEAKERS & TOPICS

Scheduling for the Fall 2019 Grand Rounds is underway, and we would love to hear from members on the topics and speakers you would like to include to ensure we continue to present relevant topics that meet your educational needs.

Are there any specialties you would like to see represented? Any dynamic speakers you've heard elsewhere that you think we should bring to the Treasure Valley? Any local providers doing innovative things or offering unique services that the medical community should know about? Any hot medical topics that must be covered? Let us know!

Suggestions can be sent via email to acmec@acmec.org with **Grand Rounds Suggestions** in the subject line. Please note that while we review all suggestions, we will book topics with broad applicability, especially those targeted at primary care physicians.

2019 CME APPLICATION MATERIALS & SERIES RENEWALS

Updated applications, instructions and materials are available directly through ACMEC. Therefore, we ask all planners and coordinators who intend to certify an activity or series for CME credit in 2019 to contact ACMEC early in the planning process to discuss their plans.

As a reminder:

- Outdated materials **WILL NOT** be accepted.
- Applications will not be considered complete and ready for review until all information requested is submitted. **ACMEC will not accept incomplete applications for review.**
- Complete applications must be submitted at least **60 days prior** to activity/series start date.
- Renewing activities (approved in 2018) may request a waiver of this requirement, but must do so at least two weeks prior to their 60 day deadline.
- Renewing series (approved in 2018) must be submitted at least **30 days prior** to series start date.
- Check with ACMEC before starting an application for the most up to date instructions and forms.

Thanks to all of our joint providers for your continued dedication and collaboration.

We look forward to partnering with you to provide our community with quality CME opportunities!

ACMEC Grand Rounds Year-End Evaluation

With the academic year coming to an end, we are asking all providers who have participated in ACMEC Grand Rounds from September 2018 through June 2019 to complete our annual year-end evaluation and needs assessment.

The information collected through the evaluation will help provide insight into any improvements needed for Grand Rounds, as well as help shape the slate of topics for the upcoming year.

Providers can complete an evaluation in-person at all St. Luke's Grand Rounds sessions this month, or complete the form online at:

www.surveymonkey.com/r/MHKWKTH

We thank you in advance for your feedback, and appreciate your support in helping us provide high-caliber, relevant and timely CME to our medical community.

THANKS!
