ACMEC Announcements

Now Scheduling: 2019 Grand Rounds

LOOKING FOR MEMBER SUGGESTIONS FOR SPEAKERS & TOPICS

Scheduling for the Fall 2019 Grand Rounds is underway, and we would love to hear from members on the topics and speakers you would like to include to ensure we continue to present relevant topics that meet your educational needs.

Are there any specialties you would like to see represented? Any dynamic speakers you've heard elsewhere that you think we should bring to the Treasure Valley? Any local providers doing innovative things or offering unique services that the medical community should know about? Any hot medical topics that must be covered? Let us know!

Suggestions can be sent via email to acmec@acmec.org with **Grand Rounds Suggestions** in the subject line. Please note that while we review all suggestions, we will book topics with broad applicability, especially those targeted at primary care physicians.

2019 CME APPLICATION MATERIALS & SERIES RENEWALS

Updated applications, instructions and materials are available directly through ACMEC. Therefore, we ask all planners and coordinators who intend to certify an activity or series for CME credit in 2019 to contact ACMEC early in the planning process to discuss their plans.

As a reminder:

- Outdated materials **WILL NOT** be accepted.
- Applications will not be considered complete and ready for review until all information requested is submitted. **ACMEC will not accept incomplete applications for review.**
- Complete applications must be submitted at least **60 days prior** to activity/series start date.
- Renewing activities (approved in 2018) may request a waiver of this requirement, but must do so at least two weeks prior to their 60 day deadline.
- Renewing series (approved in 2018) must be submitted at least **30 days prior** to series start date.
- Check with ACMEC before starting an application for the most up to date instructions and forms.

Thanks to all of our joint providers for your continued dedication and collaboration.

We look forward to partnering with you to provide our community with quality CME opportunities!

LOOKING FOR VOLUNTEERS: ACMEC ONLINE CME ACTIVITY REVIEWERS

ACMEC conducted a needs assessment to determine if members would like the Grand Rounds video library to return. The library would contain online recordings of select Grand Rounds, consisting mainly of voice-over PowerPoint. CME credit would be awarded to members upon successful completion of a post-test and evaluation, with the option to also earn MOC Part 2 points for select activities.

So far, ACMEC members have expressed an interest in having these online modules available to them. Therefore, ACMEC has started developing these modules and are almost ready to deploy them to members, but we need your help!

We are looking for volunteers to review select modules to help us troubleshoot any technical glitches and validate the clinical content. The estimated time commitment for each module review is approximately two hours.

Current ACMEC members who are interested in serving as reviewers should email us at acmec@acmec.org with **Online Reviewer** in the subject line. Thanks!
